

Wire Saving System Manifold DHS\*-A05E, A12E manifold and related valve obsolete

We, Kuroda Pneumatics LTD, has improved the specification, developed new products and reduced the cost in order to supply better solutions. On the other hand, part of products has passed so many years and difficult to continue to manufacture. Therefore, we decided to obsolete DHS\*-A05E, A12E manifold and related valves. Please refer to the following information.

1. Obsolete item

Obsolete item

Uni-Wire system manifold

Manifold: DHS\*-A05E(A12E)

DTX\*-A05E(A12E)

Valve: A05E & A12E series

Recommended replacement item

Uni-Wire system manifold

Manifold: DWS\*-A05G(A12G)

DWX\*-A05G(A12G)

Valve: A05G & A12G series

(Note: No dimensional difference between obsolete item and replacement item.)

Obsolete: DHS\*-A05E, DHX\*-A05E

Manifold	DHS*-A05E	DHS*-A05E
	Common SUP, Common EXH,	Common SUP, Common EXH
	Pilot valve captured exhaust	Common external pilot
	Port 2 & 4 on side	Pilot valve captured exhaust
		Ports 2 & 4 on side
Valve	A05ES25	A05ES25X
	A05ED25	A05ED25X
	A05ED35	A05ED35X
	A05EE25	A05EE25X
	A05EO25	A05EO25X
Blank Plate	A05G-BP	

Replacement: DWS\*-A05G, DWX\*-A05G

Manifold	DWS*-A05G	DWX*-A05G
	Common SUP, Common EXH,	Common SUP, Common EXH
	Pilot valve captured exhaust	Common external pilot
	Port 2 & 4 on side	Pilot valve captured exhaust
		Ports 2 & 4 on side
Valve	A05GS25	A05GS25X
	A05GD25	A05GD25X
	A05GD35	A05GD35X
	A05GE25	A05GE25X
	A05GO25	A05GO25X
Blank Plate	A05G-BP	

Obsolete: DHS\*-A12E, DHX\*-A12E

Manifold	DHS*-A12E	DHS*-A12G
	Common SUP, Common EXH, Pilot valve captured exhaust Port 2 & 4 on side	Common SUP, Common EXH Common external pilot Pilot valve captured exhaust Ports 2 & 4 on side
Valve	A12ES25	A12ES25X
	A12ED25	A12ED25X
	A12ED35	A12ED35X
	A12EE25	A12EE25X
	A12EO25	A12EO25X
Blank Plate	A12G-BP	

Replacement: DWS\*-A12G, DWX\*-A12G

Manifold	DWS*-A12E	DWX*-A12G
	Common SUP, Common EXH, Pilot valve captured exhaust Port 2 & 4 on side	Common SUP, Common EXH Common external pilot Pilot valve captured exhaust Ports 2 & 4 on side
Valve	A12GS25	A12GS25X
	A12GD25	A12GD25X
	A12GD35	A12GD35X
	A12GE25	A12GE25X
	A12GO25	A12GO25X
Blank Plate	A12G-BP	

2. Date to be obsolete: September 30, 2010 or end of our stock parts.

3. Notes

3-1) Max. station is 16 single solenoid valve stations (old: 20 stations.)

3-2) Recommended replacement valves (A05G & A12G) is not possible to mount obsolete manifold (DHS, DTX).

3-3) Dimension of manifold is same between obsolete and replacement.

3-4) The end of model No. "-D," "-ZUW," and etc are customized item. Those items are also obsolete and there is not replacement.

3-5) Please confirm detail specification on our home page, Product guide >> Uni-Wire System.
